

Starter for Passenger Car – Planetary Gear Reduction Starter

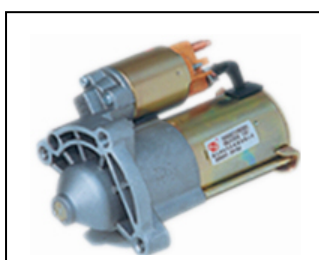

Model: QDJ1260 **Specification:** 12V 1.2KW
Weight: 2.9KG **Working Temperature:** -28°C ~ +120°C
Application: Gasoline engine for passenger car under 0.6L
Key Customers:
SVW: Lavida, POLO, Octavia 1.6 & 2.0 Manual/Automatic
FAW-VW: Sagitar, GIF, Golf 1.6 & 2.0 Manual/Automatic
FAW: A501 1.6IMT/AT
Chery: 472, 473, 477F Engine

Model: QDJ1215 **Specification:** 12V 1.4KW
Weight: 3.7KG **Working Temperature:** -28°C ~ +120°C
Application: Gasoline engine for passenger car under 0.8L
Key Customers:
FAW-VW: Jetta, Bora, Golf 1.6 & 2.0MT/AT
Mianyang Xincheng: JM491Q, JM495Q Engine
Shenyang Xingguang: 491Q Engine
Geely: Meiri, Jingang, Huapu

Model: QDJ1201 **Specification:** 12V 1.3KW
Weight: 3.6KG **Working Temperature:** -28°C ~ +120°C
Application: Gasoline engine for passenger car under 0.7L
Key Customers:
FAW-VW: Jetta, Golf 1.6
Citroen-PSA: TU3/TU5/EW10 Engine, all types of vehicles
FAW: Red Flag 2.2L
Chery: QQ, Easter, A5, V5, A1, A15

Model: QDJ1202 **Type:** Planetary Gear Reduction Starter
Voltage: 12V **Power:** 1.3KW
OEM: Dongfeng Peugeot Citroen
Application: 1.3,1.4,1.6L Engines
Feature: Adopt the structure of planetary gear reduction featuring low noise, high reliability and powerful output.

Starter for Passenger Car – Planetary Gear Reduction Starter

Model: QDJ1216 **Type:** Planetary Gear Reduction Starter
Voltage: 12V **Power:** 1.3KW
OEM: Dongfeng Peugeot Citroen
Application: Picasso、Xsara、 Peugeot 307
Feature: Adopt the structure of planetary gear reduction featuring low noise, high reliability and powerful output.

Model: QDJ1203A **Type:** Planetary Gear Reduction Starter
Voltage: 12V **Power:** 1.3KW
OEM: FAW-VW
Application: JETTA 5 - Valve
Feature: Adopt the structure of planetary gear reduction featuring low noise, high reliability and powerful output.

Model: QDJ1207 **Type:** Planetary Gear Reduction Starter
Voltage: 12V **Power:** 1.1KW
OEM: Meiri
Application: MR479Q
Feature: Adopt the structure of planetary gear reduction featuring low noise, high reliability and powerful output.

Model: QDJ1215 **Type:** Planetary Gear Reduction Starter
Voltage: 12V **Power:** 1.3KW
OEM: FAW-VW
Application: Bora A4 1.6、 1.9L
Feature: Adopt the structure of planetary gear reduction featuring low noise, high reliability and powerful output.

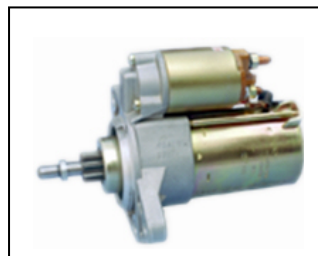

Starter for Passenger Car – Planetary Gear Reduction Starter

Model: QDJ1246 **Type:** Planetary Gear Reduction Starter
Voltage: 12V **Power:** 1.3KW
OEM: Chery
Engine: BMW TriTec
Application: Series of Fengyun
Feature: Adopt the structure of planetary gear reduction featuring low noise, high reliability and powerful output.

Model: QDJ1235A **Type:** Planetary Gear Reduction Starter
Voltage: 12V **Power:** 1.3KW
OEM: Shenyang Xinguang, Mianyang Xinchun
Application: 491Q
Feature: Adopt the structure of planetary gear reduction featuring low noise, high reliability and powerful output.

Model: QDJ1239 **Type:** Planetary Gear Reduction Starter
Voltage: 12V **Power:** 1.3KW
OEM: Chery
Application: SQR480
Feature: Adopt the structure of planetary gear reduction featuring low noise, high reliability and powerful output.
